

# Nov 7 - 9, 2023

[www.RichEarthSummit.org](http://www.RichEarthSummit.org)

## Hybrid

Virtual: Zoom

In-Person: Brattleboro, VT

**The Rich Earth Summit is the global event dedicated to advancing urine nutrient reclamation, bringing together experts, practitioners, and industry leaders to foster collaboration and innovation in this field.**

We hope you will join us either virtually or in-person in Brattleboro, VT. The Summit will include themed presentations, virtual tours and exhibitions, a guided field trip through Rich Earth's community urine recycling program, an open house, and a keynote presentation from one of France's leading urine diversion researchers, Fabien Esculier.

The Rich Earth Summit was founded in 2015 and has been hosted virtually since 2020, enabling hundreds of participants to attend annually from over 30 countries around the world.
